CONSOLIDATION GRADE, "I"

The consolidation grade is applied to the academic record of students who attended both Southern Polytechnic State University and Kennesaw State University prior to the Fall 2015 Semester. After the consolidation of student data in February of 2015, KSU identified the student's "home institution" in order to maintain the student's home institution's Institutional GPA. The "home institution" was determined by selecting the institution in which the student was last enrolled as a degree seeking full-time and /or part-time student prior to January 1, 2015. Once identified, the grades at the non-home institution were updated with the consolidation grade, thereby retaining the student's home Institutional GPA.
